## **Reasons for Allowance**

Claims 1-12 are allowed.

This is examiner's statement of reasons for allowance.

The instant invention recites a system for permitting insertion or replacement of electronic cards, the system comprising: a scanner for scanning hardcopy elements, the scanner comprising:

- an electronic component for performing at least one processing function on an electronic representation of the hardcopy element;

- a first processor for directing operations of the scanner and for receiving directions that are passed to other components;

- a field-installed electronic card that performs additional processing on the electronic representation of the hardcopy element; and

- a second processor electrically connected to the scanner for sending directions to the filed installed electronic card through the first processor, where the directions include control instructions and protocols that are provided by the second processor from field-installed control code for directing the field-installed electronic card.

The features identified, in combination with other claim limitations, are neither suggested nor discussed by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
